PROFILE

Chef running a resort kitchen on my own. I cook breakfast, lunch and dinner on split shifts for a remote resort restaurant, and I rebuilt its menu and prep system so it holds up when tickets stack. I am used to remote sites, long days and shared staff accommodation. I am looking for a chef or cook role with a team I can learn from.

EXPERIENCE

Chef · Mount Seaview Resort, Riverside Cafe **Sep 2026 to now**

Oxley Highway, NSW · remote 47-room resort

- Sole chef: breakfast, lunch and dinner for resort guests, motorcycle groups and walk-ins.
- Rebuilt the dinner menu around one shared base (mash and seasonal veg) so steak, salmon and chicken plate fast on busy nights.
- Wrote the kitchen's daily prep sheet and rush plan: longest cook goes in first, plates go out in waves of 2 to 3.
- Cook steak, salmon, schnitzel, bangers and mash, lasagne, burgers and full cooked breakfasts.
- Keep the kitchen clean and food-safe as the only person on the pass.

Hospitality and camp catering · Bangkok, Thailand **2023 to 2026**

Bar, floor, kitchen and camp operations

- Camp-style catering for groups of 30 to 300: curries, stir-fries, casseroles.
- Kitchen hand and prep, bar service, floor service and housekeeping.
- 10+ hour days on my feet on strict schedules.

Founder · LinksGone (own online business) **2026**

- Built and ran a small business alone. Self-directed, reliable, used to full accountability.
